WHY CHOOSE EDF?

- ✓ Paid Internships available
- ✓ We host fall and spring part time positions
- ✓ Summer positions are full time

FELLOWSHIPS

Environmental
Defense
Fund

EDF fellowships provide recent graduates — whether from an undergraduate, graduate or doctoral program — a unique opportunity to work directly with experts in science, law, economics and other disciplines to help solve pressing environmental problems.

LEGAL FELLOW

Legal Fellows have contributed to landmark cases in the U.S. Supreme Court, D.C. Circuit and other appeals courts, and federal agencies such as the EPA.

POSTDOCTORAL FELLOW

Postdoc Fellows have made significant contributions to peer-reviewed publications, white papers, policy briefs and other materials used in EDF's advocacy work.

TOM GRAFF FELLOW

TG Fellows have expanded access to solar energy, advocated for safe & affordable drinking water, & engaged with community leaders to advance clean energy microgrid.

PROJECT MANAGEMENT FELLOW

PG Fellows have engaged in projects including promoting justice and equity practices, carbon pricing, agricultural methane, and petrochemicals.

WHY CHOOSE EDF?

Fellows are full-time employees and receive competitive annual salaries & benefits. Fellows have the potential to move into ongoing positions at EDF.
